## B2B TOUCHSCREEN APP PLATFORM

Every touchscreen hardware needs a corresponding software to make optimal use of the advantages of large interactive displays. With the **eyefactive app store**, a whole platform with *customizable, ready-to-use* apps for all touchscreen systems is available.

 [multitouch-appstore.com](http://multitouch-appstore.com)

- ✓ **APPSTORE** A growing number of ready-to-use, customizable apps in the world's first B2B marketplace.
- ✓ **APPSUITE** Content management software as the central operating system, connects to AppStore.
- ✓ **APP CLOUD** Cloud management of all systems and projects. Roll-outs of any size can be easily deployed.
- ✓ **APP SDK** All apps are based on eyefactive's multi-awarded software development framework.
